effortless CONTROL

Using our more than 50 years experience and leadership in the zoning business combined with feedback from hundreds of contractors like you, together we've developed a new family of zoning panels that make zoning truly effortless. Introducing TrueZONE™ — the next generation of zoning panels from Honeywell.

Part Numbers and Accessories

TrueZONE™ Panel

Part Number	Description
HZ432	4 zone, 3H/2C panel used for conventional, heat pump or dual fuel systems; expandable up to 32 zones with TAZ-4
HZ322	3 zone, 2H/2C panel used for conventional or heat pump equipment
HZ311	3 zone, 1H/1C panel used for conventional equipment
HZ432K	Includes (1) HZ432 panel, (1) transformer and (1) C7735A discharge air temperature sensor
HZ322K	Includes (1) HZ322 panel, (1) transformer and (1) C7735A discharge air temperature sensor
HZ311K	Includes (1) HZ311 panel, (1) transformer and (1) C7735A discharge air temperature sensor

Thermostats

Part Number	Description
YTH9421C1002	VisionPRO® IAQ Thermostat & Equipment Interface Module
TH8321U1006	VisionPRO® 7-day touchscreen programmable 3H/2C; includes dehumidification control
TH8320U1008	VisionPRO 7-day touchscreen programmable 3H/2C
TH8110U1003	VisionPRO 7-day touchscreen programmable 1H/1C
TH6220D1028	FocusPRO® 5-1-1 day programmable 2H/2C; large display
TH6220D1002	FocusPRO 5-1-1 day programmable 2H/2C; standard display
TH6110D1021	FocusPRO 5-1-1 day programmable 1H/1C; large display
TH6110D1005	FocusPRO 5-1-1 day programmable 1H/1C; standard display
TH5220D1029	FocusPRO non-programmable 2H/2C; large display
TH5220D1003	FocusPRO non-programmable 2H/2C; standard display
TH5110D1022	FocusPRO non-programmable 1H/1C; large display
TH5110D1006	FocusPRO non-programmable 1H/1C; standard display

Retrofit Round Dampers

Part Number	Size
RRD5	5" Round Damper
RRD6	6" Round Damper
RRD7	7" Round Damper
RRD8	8" Round Damper

Rectangular Supply Dampers*

Part Number	Size
ZD10x8	10" Rectangular Damper
ZD12x8	12" Rectangular Damper
ZD14x8	14" Rectangular Damper
ZD16x8	16" Rectangular Damper
ZD18x8	18" Rectangular Damper
ZD20x8	20" Rectangular Damper
ZD20x10	20" Rectangular Damper
ZD24x8	24" Rectangular Damper

* Damper sizes available in 125 variations.

Round Supply Dampers

Part Number	Size
ARD5	5" Round Damper
ARD6	6" Round Damper
ARD7	7" Round Damper
ARD8	8" Round Damper
ARD9	9" Round Damper
ARD10	10" Round Damper
ARD12	12" Round Damper
ARD14	14" Round Damper
ARD16	16" Round Damper
ARD18	18" Round Damper
ARD20	20" Round Damper

5-YEAR WARRANTY

Honeywell

Zoning Made Effortless.

TrueZONE™ Panels
Zoning Made Effortless

If you've ever installed a zoning system by setting manual dip switches, you'll appreciate the convenience and time savings of Honeywell TrueZONE™ panels. Patented, digital installer setup and push terminals for wiring means no screwdriver is required. Plus, TrueZONE's standardized checkout process helps eliminate callbacks by ensuring that the system is operating properly before the installer leaves the jobsite. It all adds up to true comfort for your customers and true profit for your bottom line.

Intuitive Installer Setup — Easy-to-follow, digital display uses real language to guide installer through four simple steps. (HZ432 and HZ322 only)

1) Select equipment type
2) Select heat/cool stages
3) Select number of zones
4) Select stage control

Standardized Checkout Procedure — Standardizes the checkout process so that every installer checks out in the same way, every time to ensure that all zones are operating correctly before leaving the jobsite. Only one installer needed for checkout. (HZ432 and HZ322 only)

Robust Push Terminals — Push-in terminal blocks wire in literally half the time compared to screw terminals — with no screwdriver required. Plus, wires lock-in to the terminals for a tight fit.

Common-Sense LEDs — Indicate which zones are calling, what stage they are calling for (heat/cool) and when the emergency heat is on.

Universal Application — TrueZONE panels work with virtually any brand equipment for zone control of conventional, heat pump or dual fuel systems.

Clean, Professional Installation — Patented wire channel allows installer to run wires on the side, top, bottom or backside of the panel and wire anchors help hold wires in place.

Smaller Footprint — Gives installer the ability to mount TrueZONE panels anywhere — on the return duct, studs or wall next to the system. All panels are eight inches wide.

Variable-Speed Fan Control — Reduces blower speed in cooling when one zone is calling.

Discharge Temperature (DATS) Staging — Downstages equipment when discharge air temperature is near the limit. (HZ432 and HZ322)
Advanced Dual-Fuel Operation — Offers dual-fuel changeover based on outdoor temperature and/or thermostat staging. (HZ432 only)

Choose The TrueZONE™ Panel That Meets The Needs Of Your Appplication

TrueZONE™ HZ432 Panel

For conventional, heat pump or dual fuel applications expandable up to 32 zones (3H/2C).

- Intuitive Installer Setup
  Easy-to-follow, digital display uses real language to guide installer through four easy steps.
- Universal Application
- Standardized Checkout Procedure
- Robust Push Terminals
- Common-Sense LEDs
- Clean, Professional Installation
- Smaller Footprint
- Variable-Speed Fan Control
- Discharge Air Temperature Staging
- Advanced Dual-Fuel Operation

5-YEAR WARRANTY

TrueZONE HZ322 Panel

For conventional and heat pump applications up to 3 zones (2H/2C).

- Intuitive Installer Setup
  Easy-to-follow, digital display uses real language to guide installer through four easy steps.
- Universal Application
- Standardized Checkout Procedure
- Robust Push Terminals
- Common-Sense LEDs
- Clean, Professional Installation
- Smaller Footprint
- Variable-Speed Fan Control
- Discharge Air Temperature Staging

5-YEAR WARRANTY

TrueZONE HZ311 Panel

For conventional, single stage applications up to 3 zones (1H/1C).

- Universal Application
- Robust Push Terminals
- Common-Sense LEDs
- Clean, Professional Installation
- Smaller Footprint
- Variable-Speed Fan Control

5-YEAR WARRANTY
